

## COOKIES IN USE ON THIS SITE

### Cookies and how they benefit you:

Our website uses cookies, as almost all websites do, to help provide you with the best experience we can. Cookies are small text files that are placed on your computer or mobile phone when you browse websites.

### Our cookies help us:

Make our website work as you'd expect  
Improve the speed/security of the site

### We do not use cookies to:

Collect any personally identifiable information (without your express permission)  
Collect any sensitive information (without your express permission)  
Pass data to advertising networks  
Pass personally identifiable data to third parties  
Pay sales commissions

### You can learn more about the cookies we use below:

### Granting us permission to use Cookies:

If the settings on your software that you are using to view this website (*your browser*) are adjusted to accept cookies we take this, and your continued use of our website, to mean that you are fine with this. Should you wish to remove or not use cookies from our site you can learn how to do this below, however doing so may mean that our site will not work as you would expect.

### More about our cookies:

#### **Website function cookies:**

##### Our own cookies:

We use cookies to make our website work.

There is no way to prevent these cookies being set other than to not use our site.

##### Third party functions:

Our site, like most websites, includes functionality provided by third parties. A common example is an embedded YouTube video. Our site includes the following which use cookies:

*Google*

Disabling these cookies will likely break the functions offered by these third parties.

##### Turning cookies off:

You can usually switch cookies off by adjusting your browser settings to stop it from accepting cookies. Doing so however, is likely to limit the functionality of our website together with a large proportion of the world's websites, as cookies are a standard part of most modern websites

It may be that your concerns around cookies relate to so called "spyware". Rather than switching off cookies in your browser you may find that anti-spyware software achieves the same objective by automatically deleting cookies considered to be invasive.
